### YOUR OPPORTUNITY

I am offering many varieties of peonies at unusual prices. It is a rare opportunity for commercial growers and collectors to secure many varieties that are scarce and at prices much below the usual market prices.

### ORDER EARLY

All plants are offered subject to being in stock and unused upon receipt of order. I have a good stock of most varieties but of a few the supply is limited. Prices are net for one plant and terms are cash, unless otherwise arranged. Orders will be filled in the order received. Retail orders take precedence over wholesale. Write names plainly and give shipping directions carefully. Keep a copy of your order. Shipments will be made during September and October, unless otherwise requested. Since the prices are so low, do not ask me to fill an order for less than \$2.00. All orders will be carefully packed without extra charge and delivered free, either by express or parcel post.

### DISCOUNTS

Cash discounts allowed on orders received and paid for before August 1st, amounting to less than \$50.00, 2 per cent; \$50.00 or over, 5 per cent; \$100.00 or over, 10 per cent.

Special prices will be quoted on 100 or more of one variety, and large orders of mixed varieties. Prices of named but unlabeled varieties for landscape purposes, in white, pink and red, 25 cents each, while they last.

### GUARANTEE

Three to five divisions with a well balanced root system will be sent in all cases. State nursery inspection certificate will accompany each order. They are grown under my personal supervision. I personally fill all orders. Practically all varieties have been received direct from the originator, insuring true stock. The greatest possible care is then exercised to keep all varieties accurately labeled and true to name. All plants are guaranteed to reach you in good condition. If not entirely satisfactory upon receipt, I will cheerfully refund the purchase price, provided plants are returned at once. If for any other reason they are not satisfactory, you can depend upon me to adjust same satisfactorily. Remember the deal is not closed until all reliable customers are satisfied.

### RATING AND TERMS

The rating of each variety is given after the name, except for new introductions. The season of bloom is also indicated; Very Early—V.E. Early—E. Mid-Season—M.S. Late—L. Very Late—V.L.
